

Level 4 Homework

Week 6 Due: Tuesday 13th March

Week 7 Due: Monday 19th March

Numeracy	Choose one activity each week.			Complete Mathletics each week - aim to achieve 2 certificates.		
	Draw a birds-eye view of your bedroom. You may like to do this using Microsoft Paint. Include a compass rose in your drawing. If you were standing in the centre of your room, identify on your picture what you would see in your room for each compass direction.	Create a set of Who Am I? clues for five different 3D shapes. See if you can find a creative way of presenting these.		Choose a recipe. Identify how many people the recipe serves. Record the following in your Homework book: 1) If you had to cook the recipe for double the amount of people, how much of each ingredient would you now need? 2) How much of each ingredient would you need if you were cooking the recipe for only half the amount of people?		
Literacy Integrated ICT	Choose one activity each week.					
	Write a short script about a bullying issue which is resolved assertively. Be prepared to role-play the script (with your friends) to your class.	What is a carbon footprint? Do some research and makes notes in your Homework book outlining what a carbon footprint is. Calculate your own carbon footprint at the following website and be prepared to share your findings with the class. http://www.cooltheworld.com/kidscarboncalculator.php		Create a data chart identifying the native flora and fauna for each state and territory in Australia. You may also like to include pictures. You may like to present this as a mindmap using: http://www.spiderscribe.net/ Extension: Research and present the flag and the coat of arms for each state and territory.		
Spelling	Choose one activity to do this week and complete the other one the following week.					
	Using the nouns from your THRASS chart create as many compound words as you can. Remember a compound word is when two words are put together to create a new word WITH A DIFFERENT MEANING. Eg: bird + cage = birdcage		Create a table with the headings graph , digraph , trigraph and quadgraph . For each of your spelling words, tally how many of each grapheme there are.
